LEARN HOW TO LEARN ANYTHING

Your Operating System for an Uncertain Future

The skills you're learning today may be obsolete tomorrow.

This course teaches the one skill that never becomes obsolete: how to learn anything.

WHAT YOU'LL LEARN

● **Critical Thinking**
Navigate truth in a post-truth world using modernist and postmodernist frameworks

● **Evidence-Based Techniques**
Spaced repetition, active recall, and using AI as a learning partner

● **Breaking Barriers**
Real strategies for time, money, attention, and self-doubt

● **Building Systems**
Why motivation fails and what actually works

WORKSHOP

*We begin with Plato's Allegory of the Cave—
asking where you are in your journey from shadows to light.*

"In times of change, learners inherit the earth, while the learned find themselves beautifully equipped to deal with a world that no longer exists."
— Eric Hoffer
